

QUOTE OF THE DAY

If you make a man feel that he is inferior, you do not have to compel him to accept an inferior status, for he will seek it himself. If you make a man think that he is justly an outcast, you do not have to order him to the back door. He will go without being told, and if there is no back door, his very nature will demand one.
--Carter G. Woodson

To me this means that the way someone is treated is going to determine the way they are going to act. For example if you treat someone bad they are going to have the mindset of someone who thinks less of themselves.

Topic Of The Day: Define Social Construct

Social construct is a idea that has been accepted by a society of people. To me this is basically stereotypes, for example if someone says mexicans are always BLANK then the social construct would be the BLANK.
